

Vendors & Stalls

Running a stall at the C.R.F.

Note: these details are a lot easier to read on a PC/laptop than on a phone!

Every year we permit a limited number of food vendors and try to minimise any duplication of the type of food on offer. Whilst we have a number of regular food providers who like the event (and we get good feedback about them!) who ask to come back year after year, as you will appreciate sometimes they may not be available and so we are always on the lookout for good quality, reliable alternatives that meet the requirements set out here.

Similarly we have limited capacity for other types of stall holders, for example clothing, arts and crafts, music related memorabilia, CDs and records, etc. Again, please apply if this is of interest to you or call us first.

If you are interested in running a stall at the festival, please read and ensure you fully understand the following notes, then please complete the on-line Vendor form at the bottom of this page.
